### Report from the Bank's (Group's) Senior Management

Summing up the results of AS Baltic International Bank (hereinafter referred to as the Bank) during 9 months of 2014, it can be stated that the last financial period turned out to be successful for the Bank, the set plans were implemented, and the Bank managed to achieve positive results on its way of further confident and stable growth.

At the moment, the composition of assets and liabilities of the Bank (Group-related data enclosed within parentheses) fully complies with the conditions of regulation fulfilment in accordance with Regulation (EU) No. 575/2013 of the European Parliament and of the Council (EU Regulation within the framework of Basel III). As a result of qualitative asset allocation, as at 30 September 2014, LCR (Liquidity Coverage Ratio) indicator exceeded 100% and amounted to 133.41% (133.04%), Total Capital Ratio corresponded to both regulatory level and minimum individual level and amounted to 13.78% (13.58%), whereas, Leverage Ratio amounted to 5.58% (5.46%).

Expansion of customer acquisition channels allowed ensuring the rapid growth of customer base. Hence, increase in Bank's deposits totalled 55.78% (55.78%) or EUR 153.55 (153.55) million as compared to December 2013. As at the end of September, the volume of deposits exceeded EUR 400 million and totalled EUR 428.84 (428.83) million. Since the beginning of the year, customer funds, including off-balance sheet assets of clients, have grown by 30.62% to reach EUR 641.97 (641.66) million. The Bank continued its active work on developing asset under management services. Apart from classic AUM, customers showed active interest in

investments in project funding and fiduciary transactions.

During the year, the Bank effectively managed capital adequacy, increasing the volumes of subordinated deposits, the increase in which 47.04%EUR 5.22 million totalled or compared to December 2013, as well increasing the volumes of investments in bonds of first-class issuers. Hence, as at 30 September 2014, the total volume of securities portfolio totalled EUR 54.70 million. As compared to December 2013, the securities portfolio has more increased than 4.5 times EUR 42.93 million, which corresponds to the growing volume of business. As at 30 September 2014, Bank's portfolio mostly consists of investment grade bonds (80.52% of the total volume of the portfolio), of which 44.15% are investments in multilateral development banks, 29.31% — debt securities, and 18.09% — state development banks.

At the end of September, the share of loan portfolio in assets has not exceeded 25%, which complies with the selected direction of asset allocation. It is to be noted that as a result of geopolitical tensions in relations between Russia and Ukraine, the geography of funded projects shifts in the direction of Western Europe. As compared to December 2013, Bank's loan portfolio has practically remained the same and totalled EUR 102.65 (100.99) million.

In continuing its bond issue programme, during 2014 the Bank performed 9 new issues, thus successfully completing first bond programme with the total volume of EUR 20 million. Within the framework of the programme, the Bank implemented 13 issues of bonds maturing in 1-2 years, denominated in EUR and USD. The highest demand, 57%, was experienced by

Private banking & Wealth management

investments in medium-term bonds maturing in 1.5 years or more; whereas, US Dollars experienced the highest demand among currencies, the demand amounted to 75% of the issue volume. Within the framework of the programme, bonds were purchased by 27 investors, which proves customers' interest in this product.

From the point of view of resource diversification, it is important to note Bank's participation in the TLTRO Programme (Targeted Long-Term Refinancing Operation) and, as a result, receipt of long-term resources in the amount of EUR 3.78 million against the collateral of highly liquid bonds. The aim of participation in the TLTRO Programme is business project-tied lending of our customers.

Business growth allowed demonstrating the growth of operating income, the volume of which reached EUR 9.88 (10.00) million as at 30 September 2014. It is particularly worth mentioning the development of fee income generating products, which ensured the growth of net fee and commission income of 15.3% (15.3%) and their share in the total operating income from 37.94% (37.79%) to 42.34% (41.81%). The main growth was formed by such business lines as payment and cash services, brokerage, and payment cards.

During the reporting period, the Bank actively participated in activities in its professional sector. In September, Bank's delegation headed by the Member of the Board Dinar Kolpakov participated in the annual international investment conference InvestPro Kazakhstan 2014. which was organised in Alma-Ata was (Kazakhstan) and visited by over 200 participants from 30 countries, including EU, CIS, and Middle East Region.

Moreover, Baltic Financial Forum was organised in September. It was visited by local and international experts of the financial sector, including the Chairperson of Bank's Board and Council Member of the Association of Commercial Banks of Latvia Ilona Gulchak. During three sessions of the forum, discussions were held on the development of Latvia as a financial centre, possibilities of development of enterprises and business technologies, as well as topical issues in the field of finance management and accounting.

On 22 September and 23 September 2014, the Bank participated in Intax Expo Russia conference, which was organised in Moscow and was devoted to topical issues of capital structuring and tax planning. During the conference, the Head of the Bank's Legal Department Inese Lazdovska acquainted Russian and foreign entrepreneurs with the advantages of Latvian economy and legislation.
